

RP7500-19 ALCOHOL FREE FOAMING INSTANT HAND SANITIZER

WHY USE SaniSuds?

SaniSuds is a one step instant hand sanitizer that is dispensed as rich foam. This product is formulated to reduce the number of microorganisms on the hands that can cause infection and illness. It is alcohol free, so that it can be used in any area without the fear of it creating a flammable atmosphere. SaniSuds contains benzalkonium chloride, an effective antimicrobial agent against a large number of typical gram-positive and gram-negative bacteria. Use this sanitizer on clean, non-soiled hands anytime when rinsing with water is not available.

HOW EFFECTIVE IS SaniSuds?

SaniSuds was tested for antimicrobial efficacy in a time kill assay. The following data indicate a minimum of a log-three reduction after **15 seconds** in vitro contact time.
