RP7800-23 FOAMING INSTANT HAND SANITIZER

WHY USE SaniSuds?

SaniSuds is a one step foaming alcohol instant hand sanitizer that is dispensed as a rich, heavy foam directly into the hands. It requires no rinsing to clean hands free of germs and prevents their transfer. Being a heavy foam, it does not easily run off the hands and drip to the floor. Contains 65% Ethyl Alcohol, an effective germicide that evaporates, leaving hands sanitized and feeling fresh.

EFFICACY?

SaniSuds is highly effective against a variety of microorganisms as shown in the following data. This data is from a time-kill test conducted according to the FDA 1994 TRM time-kill protocol.
